

HUGHES SPECIAL IS GOING THROUGH

Train Carrying Republican Presidential Candidate Will Not Stop in Rushville, However.

REPLY FROM STATE COMMITTEE

County Chairman Gets Word, in Answer to Request, That Hughes Will Not Appear Here.

The special train carrying Charles E. Hughes, the Republican presidential nominee, will pass through Rushville tomorrow morning about seven o'clock enroute to Columbus, where he will begin his second invasion of Indiana.

The information was received this morning at the local Pennsylvania station. According to the schedule, the Hughes special train will leave Richmond at 5:45 a. m. and under ordinary conditions should reach Rushville at about ten minutes to seven o'clock. Should the train be late in reaching Richmond from the east, the train will probably reach here shortly after seven o'clock.

The train is due at Columbus at 8:30 o'clock and the republican candidate is booked to spend one-half hour in that city. As soon as the news reached here that the train had been booked over the Pennsylvania railway from Richmond to Columbus by way of Dublin Junction, there was great excitement in the Republican ranks and Fon Riggs, republican county chairman, immediately wired state headquarters in an effort to have the nominee make a five minute speech from the rear platform, but received word that the stop would be impossible.

It was not considered likely that the request would be granted when the wire was sent, as Mr. Hughes has a two day tour of Indiana ahead of him and it would be impossible for him to speak at every town demanding his attention. The hour of the day was also against the chances of local people getting the chance to hear him.

The exact route of the special train was not made public until today. Had the route been known when the Columbus meeting was announced a greater effort would have been made to have the train stop here. Shelbyville was also seeking to have the train stop there for a few minutes.

There promises to be a large crowd on hands to see the train go through. It is safe to say that there will be hundreds of people at the Pennsylvania station waiting for the train in the hopes of getting a glimpse of the candidate and possibly the next president of the United States. It is expected that the train will run ahead of the regular south-bound morning train, due here at 7:10 a. m. There was much speculation as to whether the presidential candidate would be out of bed when his train passes through Rushville. The suggestion was made by many that a man of such regular habits as Mr. Hughes would be out of bed and have his breakfast by seven o'clock.

AUTHORIZES SALE OF ROAD

(By United Press.) Indianapolis, Ind., Oct. 30.—Orders were issued today by the Indiana Public service commission authorizing the sale of the Indiana Stone Railroad company, and Chicago and Wabash Valley Railway company and the Indianapolis and Louisville company to the Chicago, Indianapolis and Louisville Railway company—the Monon road. The Monon has been operating these lines for several months.

Detroit, Mich., Oct. 30.—James Walton, leader of the bandits who robbed the pay car of the Burroughs Adding machine company of \$32,500 here last August pleaded guilty here today. He was held for sentence under \$10,000 bond.

WATSON SPENDS \$1,700

Candidate For Senator Files Account of Campaign Expenses

Washington, Oct. 30.—James E. Watson, Republican senatorial candidate in Indiana, reported expenditures amounting to \$1,700. He contributed \$200 to the republican state committee and spent \$200 for advertising. He also spent \$1,300 for purposes which it is not necessary under the law to report, being personal expenditures. He states that he received no contributions and has made no pledges or promises.

GLOVES ON GIRL'S HANDS CATCH FIRE

Miss Elizabeth Jones Seriously Burned While Trying to Clean Them With Gasoline

SKIN COMES OFF WITH GLOVES

Attempting to dry a pair of gasoline-soaked kid gloves over a fire proved a frightful experience for Miss Elizabeth Jones, 18, daughter of Mr. and Mrs. Riley Jones, Saturday at her home in North Arthur street. Miss Jones washed the gloves while they were on her hands intending to clean them and then struck a match with which to light a hot-plate in order to dry the gloves over the fire.

Just as soon as she struck the match both hands were in flames. She ran to her mother who attempted to smother the flames with some bed clothing, and failing in this, she then put both of the girl's hands down in the flour bin. The bed clothing caught fire but resulted in little damage.

When the flames were finally extinguished and the gloves pulled from the girl's hands the flesh on the back of both hands came off with the gloves. Miss Jones suffered great agony. The burns while not deep will no doubt prove difficult to heal and may result seriously.

TAX OUTLOOK IS NOT ENCOURAGING

With One Week Remaining to Pay Fall Installment, \$129,062.30 is Still on Duplicates

OFFICE TO BE OPEN AT NIGHT

With one week remaining in which to pay the fall installment of taxes, the outlook is not very encouraging at the county treasurer's office that all of the amount on the duplicate will be collected. At the start of today's business there remained to be collected the sum of \$129,062.30. This means an average of \$18,437.47 a day for the next seven days. A total of \$132,057.63 has been collected, including last Saturday's collections which totalled \$13,227.60.

Starting Thursday night the office will be open at night, including Monday night the final day for paying taxes. The office will close each afternoon at five o'clock and open again at seven o'clock, remaining open until nine o'clock. The office will be open at night for the benefit of the city people, who find it impossible to get to the office in day time.

COMMANDERY MEETING

Rushville Commandery No. 49 K. T. will hold their regular stated conclave Wednesday evening beginning at 7:30. All Sir Knights are requested to be present.

PRISON SUNDAY OBSERVED HERE

Ministers of Two Churches Preach Special Sermons on Criminal Problems

STATE BOARD BACKS PROJECT

Collection for Armenian and Syrian Relief Taken at United Presbyterian Church

Prison Sunday did not pass unnoticed in Rushville churches, the special occasion being observed by the congregations of St. Paul's M. E. and the First Presbyterian churches. In each case the minister preached a special sermon at night.

At the United Presbyterian church the usual routine was deviated from by the congregation when a special collection was taken for Armenian and Syrian relief. An association is making an appeal all over the United States for funds to be used in helping war sufferers in Armenia and Syria.

Just how much value there may be in the devotion of a single day in the year by the churches to the criminal problem is not measurable, but the state board of charities, in a current utterance, declares that the steadily increasing interest in the cause of prison reform and prevention of crime is due in no small degree to the observance of Prison Sunday in edifices of worship.

It appears that the power of the church as a preventive of crime consists largely in its influence over children, and its opportunity to mold the young into useful, conscientious and law-abiding citizens. Indiana has many excellent laws providing for the safe-guarding of morals among boys and girls, but unfortunately there are numerous communities in which these laws are not adequately enforced.

In asking the churches anew to co-operate in prison reform and crime prevention work, the state board of charities put to each clergyman these questions, which suggest line of opportunity for welfare activity:

"Have you visited the jail and poor asylum of your county? Do you know their condition, how they are conducted, the source of their population, and what their facilities are for improving the condition of their inmates?"

"Have you a board of county charities in your county? Does the law provide for regularly visiting, inspecting and reporting upon these institutions?"

"Have you a board of children's guardians, to look after the neglected children of the county?"

VILLISTAS CAPTURE TOWN

Take Santa Rosalia When De Facto Troops Show Their Heels

(By United Press.)

El Paso, Texas, Oct. 30.—The town of Santa Rosalia about 80 miles south of Chihuahua City is in the hands of Villista bandits today while the main force of Villistas on three trains is moving southward toward Jiminez, according to reports received today by United States department agents here.

As the Villistas approached Santa Rosalia part of the garrison fled to the hills. The others fired a few shots at the bandits and followed.

Leaving a small force, the main body of the bandits boarded three captured trains and pulled out for the south.

Military men here expect an attack on Jiminez in a short time.

FIRST MEETING OF WEEK TONIGHT

W. D. Cochran Will Deliver Republican Speech at Milroy Tonight Opening Final Campaign Drive

GLENWOOD ON WEDNESDAY

J. O. Batchelor Will Deliver Main Address at District Meeting of Hughes Hustlers Thursday

With two republican meetings in this city this week and two in other parts of the county, the republicans faced a busy closing week of the campaign. The first meeting of the week will be at Milroy tonight where W. D. Cochran, a prominent republican will speak. On Wednesday night Samuel D. Miller will speak at Glenwood.

On Thursday night, the Sixth District meeting of the Young Men's Republican clubs will be held here. The Hon. J. O. Batchelor will deliver the address. Word from all the counties in the district indicates that each will be represented at the meeting and this is expected to be one of the events of the campaign.

A parade in which drum corps and bands will participate will precede the speaking. The speaking will be held in the Graham Annex Auditorium, starting at 7:30 o'clock. The district meeting is similar to those held all over the state. The Hughes Hustlers here are backing the meeting, but the speaking is open to the public and every republican is urged to get in the parade.

The final meeting of the campaign will come on Saturday night. This meeting will also be preceded by a parade and will take on the appearances of an old time rally. Senator Lawrence Y. Sherman of Illinois has been secured to make the address. James E. Watson has always closed the campaign in Rush county but this year the local committee told him they would not expect him here if he thought he could go some place where he could do more good. Senator Sherman is said to be a good substitute for Mr. Watson.

Last June Senator Sherman was a candidate for the presidential nomination in the Chicago convention and was frequently mentioned for the place. He is an able orator and this meeting should be one of the best of the entire campaign.

Chairman Riggs today issued a call for all precinct committeemen, inspectors, judges and candidates to meet at the republican headquarters Saturday afternoon at 2 o'clock.

VIOLENT COUNTER ATTACK

Famous German Troops Appear on Somme but are Repulsed

(By United Press.)

London, Oct. 30.—Berlin and Brandenburg troops famed for their fighting power at Verdun, launched one of the most violent counter attacks of the whole Somme front last night north of the river.

The French war office admitted this afternoon that the Germans penetrated a farm west of Peronne but claimed the repulse of other heavy attacks.

The German war office claimed the capture of the farm and all the French positions together, with 412 prisoners. British gains in the fighting north of the river were admitted at Berlin.

All along the Transylvanian frontier the Austro-Germans and Roumanians are engaged in a series of battles. The German war office announced the capture of several heights southeast of the famous Red Tower pass.

NO FORMAL REPUDIATION

Mexican Ambassador Thus Far Fails to Retract Attack by Cabrera

(By United Press.)

Washington, Oct. 30.—Formal repudiation by Mexican Ambassador Arredondo of alleged criticism of this government by other Mexican officials was not received by the state department today as anticipated, following informal repudiation last night by the ambassador. At the embassy it was said Arredondo is ill.

The alleged criticism was made by Luis Cabrera, head of the Mexican side of the joint American commission, assailing this government for permitting aid to reach Mexican bandits from the United States.

WILL NOT ALLOW ANY DESTRUCTION

Police Will Not Begrudge Young People Wholesome Fun on Halloween Night, Mayor Says

2 PLAINCLOTHES MEN TO BE ON

The Halloween celebration here tomorrow night must pass without the destruction of property, according to the police. The police will not begrudge the young people the wholesome fun obtained from the celebration of Halloween in a proper way but the radical element that sees fun in destroying property will be given strict attention by the police.

Mayor Bebout announced today that the entire police force would be on duty tomorrow night and that at least two plain clothes men would be on the job. The city will be patrolled and a concerted effort will be made to keep the property damage down to a minimum.

For the past several years the younger generation has gotten away from the habit of destroying property and it is hoped that tomorrow will see the evil entirely eliminated.

JAW BONE BROKEN BY HORSE'S KICK

18-Year-Old Son of Mr. and Mrs. H. W. Miles Also Loses 9 Teeth in Accident Today

ON FARM EAST OF DUNREITH

The eighteen-year-old son of Mr. and Mrs. H. W. Miles, living one and one-half miles east of Dunreith, was kicked by a horse this morning, suffering a broken jaw bone and the loss of nine teeth. His lip was also badly torn and lacerated by the horse's shoe.

The young man was playing with the dog out in the barn and went into a stall beside a horse. Without warning the animal kicked him squarely in the jaw.

Dr. Kirk of Spiceland was the physician in charge and he called Dr. J. C. Sexton and Dr. Charles Green of this city, the latter doing the dental work needed.

Mr. and Mrs. Miles moved here from Boone county, near Lebanon, a short time ago, and purchased the farm on which they now live.

ROAD SOLD AT AUCTION

Cleveland, O., Oct. 30.—The Wheeling and Lake Erie railroad was sold at auction today for \$12,000,000 to William R. Bagg of New York, representing Kuhn, Loeb and company. Bagg said Kuhn, Loeb and company are acting for the holders of \$8,000,000 in the three-year notes of the road.

NO WARNING IS GIVEN MARINA

British Steamer is Sent to Bottom by Shell Fire From a German Submarine Saturday.

CONSUL FROST SENDS REPORT

Two Americans and Five Filipinos Aboard—Rowanmore Sunk Trying to Escape Submarine.

(By United Press.)

Washington, Oct., 30.—The steamer Marina, sunk by shell fire by a German submarine Saturday, was sent to the bottom without warning, Consul Frost at Queenstown cabled the state department today.

Frost said the crew was reported to include Americans. Only 34 out of 104 have so far been accounted for, Frost said.

Consul Frost also cabled today the freighter Rowanmore was attacked by a German submarine and sank while attempting to escape. Two Americans and five Filipinos were aboard, Frost reported.

The Rowanmore, according to Frost's report, tried for fifty minutes to escape from the submarine. The steering gear was shot away and the master brought the vessel to a stop, signaling that he was abandoning her. The submarine continued shelling and shelled the life boats after they had steered away.

(By United Press.)

London, October, Oct. 30.—The Donaldson liner Marina flying the British flag and with several American citizens among her crew, was sunk by a German submarine Saturday afternoon, it was announced today.

The first advices received here said that 70 of her crew were missing, only 34 having been landed. Later a Lloyds dispatch said that a patrol boat had rescued the crew, making it uncertain whether there were any casualties.

The steamer was sent to the bottom by shell fire. Dispatches from Queenstown quoted American Consul Frost as reporting that the ship was torpedoed without warning. The American embassy, however, has received no confirmation of this statement.

RECKONING COMING FOR ROUMANIANS

Von Hindenberg, Paying First Visit to Berlin, Says They Will Help Germans Out of Trenches.

DEMONSTRATION IN HIS HONOR

(By United Press.)

Berlin, Oct. 30.—"The Roumanians still retreat and their day of reckoning is coming," declared Field Marshal Von Hindenberg, Germany's greatest war hero who is paying Berlin his first visit since the beginning of the war.

"I welcomed their entrance into the war," continued Hindenberg, "for by it we get out of the trenches."

"The French have showed their tenacity but they are exterminating lives by their present method of fighting. All their tenacity will be of no use to them and finally there will be none of them left. The French nation owes this state above all to the English. If the English ask for another offensive of the same style this coming spring, then they will rob France of the rest of her army and of her national strength."

The war has not changed his opinions about English military accomplishments, said Hindenberg. A great demonstration was given in his honor. Hindenberg was in Berlin several hours before it became generally known.

FLORENCE

You will remember the great Hot Blast Air Tight Florence that was demonstrated in the Centennial parade Friday, Oct. 13, by Mr. J. B. Howard, the inventor. Read what he has to say about it:

Mr. Howard, the inventor, says that with 4 or 5 tons of the poorest and cheapest grade of soft coal you can heat 4 or 5 rooms all winter with a No. 153 Florence, which will produce cleaner results than hard coal in a base burner. The result that you will get with 4 or 5 tons of the poorest soft coal in the Florence, will equal 6 or 7 tons of coal in any other make of stove or furnaces. The FLORENCE makes its own gas and burns it. The FLORENCE makes its own coke and burns it.

—Mrs. A. D. Batchelor and daughters, Ruth and Ellen, formerly of this city and now of Northport, N. Y., were the guests of Dr. and Mrs. F. R. McClanahan and other friends here yesterday and today.
—Dr. and Mrs. D. H. Dean and children, Janet and Donald, and Miss Elsie Frazee motored to Oxford yesterday where they were the guests of Miss Phyllis Dean, who is attending Oxford college.
—Mr. and Mrs. John H. Frazee of this city, and Mrs. Helm Woodward and son, Robert, of Cincinnati leave tomorrow to motor to Louisville, Ky., where they will be the guests of the Rev. and Mrs. Walter Frazee for the remainder of the week.
Mr. and Mrs. George F. Moore entertained at dinner yesterday Mr. and Mrs. A. B. Crawford of Nashville, Tenn., Mrs. Crawford being a sister of Mrs. Moore, Mr. and Mrs. Ernest Crawford and family of Connersville, Mrs. Maggie Burns of Milroy and Mr. and Mrs. Glen Moore and son of this city.
The Friday Afternoon Embroidery Club met Friday afternoon at the pretty country home of Mrs. Ray Bever north of Glenwood. All the members except one were present for the delightful affair. Mrs. John Beaver was a guest of the club. A delicious salad course was served. The next meeting will be with Mrs. C. M. Brooks.

George Brackett Seitz—the name Seitz is synonymous with serials. The young king of serials was born in the serious city of Boston Jan. 3, 1888. Seitz is extremely youthful looking and has an active pair of blue eyes that can see more "plots" in life in a second than most writers can in a year. With "The Perils of Pauline," "Elaine," "The Iron Claw" and his five reelers he has given millions of moving picture goers more thrills and creeps to the square inch of cuticle than all serial writers combined. With "The Shielding Shadow" he has out thrilled all his former thrillers and his newest offering has been well pronounced his wonder serial.

Farmers Pay Tribute

The farmers of the United States are contributing millions of dollars for the support of the Carranza Government, and also for the support of the Mexican policy pursued by the present administration. This is done through the instrumentality of the Commission Reguladora del Mercado de Henequen, which is nothing more or less than the gigantic sisal or Binding Twine Trust, which works out of Yucatan and operates in the United States. For the past twenty years sisal from which binding twine is made sold at six cents. Today the monopoly is holding it at 10 3/4 cents, and reports are that the price is to be boosted higher. Every time sisal is advanced one cent a pound it takes just three million dollars out of the pockets of the farmers of the United States in the price they pay for their binder twine. It is expected that the price will go up to eleven cents, or five cents more than the average paid for the past twenty years. Since it costs the farmers of the United States three million dollars every time the price goes up one cent, this means that in the harvesting of their next crop they will pay in tolls to Venustiano Carranza, and

[Copyright, 1916, by John T. McCutcheon.]

—Chicago Daily Tribune

to the Democratic administration at Washington the huge sum of fifteen million dollars.

Under the Carranza regime a monopoly has been established in this fibre which works under the name above mentioned. Merchant firms shipping sisal to the United States have all been put out of business and the Reguladora absolutely controls the total output from which three-fourths of all fibre twine used to harvest the grain crops of the United States is made.

In spite of this holdup of the American farmer, the administration at Washington has done absolutely nothing to check it. A Committee in the Senate was appointed last February to take testimony. Hearings were held during February, March and April, but the Senate Committee has never reported, notwithstanding the fact that Senator A. J. Gronna, representing the Farmers of North Dakota, made strenuous efforts to have action taken. The matter was referred to the Federal Trade Commission for investigation, which, of course, means a further delay. The reports of the hearings were not reported until last week.

In the meantime the Department of Justice has not taken a single step to combat this foreign monopoly doing business in this country with the aid of American capital, secured from American Banks, which is so oppressing the American Farmer.

Now what is becoming of the money secured by this monopoly. The producers of sisal in Yucatan are paid in paper money printed by the monopoly itself, while the sisal crop is sold in this country for good American gold.

The annual value of this crop at present prices is between thirty-five and forty million dollars. It can easily be seen what a vast amount of money is being furnished by the American farmers to the Carranza Government for such use as it may see fit. This money, or that part of it which is not taken over by the American banks backing this institution, and to the institution itself, is paid to the Carranza Government which controls the output. It is used for the purchase of arms and ammunition with which our neighbors across the border may kill Americans.

Because the administration has pledged to support the tottering regime of Venustiano Carranza not one thing is being done by the administration to fight this most high-handed of foreign monopolies, which brazenly proclaims that it controls the price of sisal fibre and no one can interfere with it.

The Indianapolis News says that the rattle of the Wilson and Marshall campaign buttons was audible at the Indianapolis city hall one day last week when they were cast into the cuspidors and the Marion county democratic machine put on the little Taggart buttons and went to work for the supreme boss, thus revealing just how the elements are lined up in this campaign. The machine cares nothing for Wilson, except that they think he is the best means to keep their fingers in the pie. Once their own godfather is in danger of defeat, they take off their coats and go to it.

Safeguarding National Prosperity Through the Tariff
(Cincinnati Enquirer)

There are now nearly 2,000,000 of women in the British Isles who are employed in agricultural pursuits, in manufacturing establishments, in public utility service, in stores, shops and offices, having taken the places of employment of nearly 2,000,000 of men who have gone to fight for their King and country.

When the 4,000,000 British soldiers return home at the close of the war there will certainly result an anomalous condition in the efforts of the women to retain their places and in the desire of the men to obtain employment. There will be a labor crisis, an industrial crisis, and the ultimate result cannot fail to be a

sharp decline in wages throughout the United Kingdom. British manu-

facturers and British ship owners, British bankers and British merchants will be united and prompt in clearing the warehouses, the fac-

ories and the mills of the outputs of British cheap labor, and they will press these outputs for sale in every market on the globe where sales can be made.

France, Germany, Austria and Italy will all have the same conditions of surplus labor, competition for employment and the fall in wages, and these countries will be enterprising and anxious to secure real money for their manufactured outputs. Their business men will be enterprising and anxious to secure real money for their manufactured outputs. Their business men will be offering their merchandise on foreign markets at exceedingly low prices.

Germany is giving employment today to nearly 3,000,000 men, prisoners of war, and, while feeding them, gives them eight cents each a day to buy tobacco or other small articles, but exacts a full day's work and no days off, save from sickness. There prisoners are employed in the fields, the forests, the mines, the quarries, in the mills, in factories, and the outputs of the manufacturing plants of Germany are believed to be enough larger than domestic consumption at the present time to warrant the belief that the nation is accumulating surplus stocks in many lines of goods which it will be compelled to hold until the war ends, and then will come "the dumping" upon the markets of the Western world.

Germany expects to induce more than 1,000,000 of the Russian prisoners of war to remain within her boundaries as settlers in Germany after the end of the strife. Russia may be their native land, but Germany will offer them inducements to remain that they are likely to accept. German system, German efficiency, German low wages make Germany a formidable competitor in industry and commerce. Then there

is Japan. Japan, with the Oriental subtlety in trade, the cleverness of the Japanese to copy closely and the ability of Japanese manufacturers to command extremely low-priced labor, and the promptness of

the Japanese Government to promote Japanese export trade.

How will our manufacturers fare when the war closes and they will have to face these conditions so advantageous to manufacturers in Eu-

rope and in Asia, and so dangerous to their trade?

The tariff gates should swing shut to protect the United States from industrial depression.

SOCIETY

The Worker's conference, composed of the officers and teachers of the Christian Sunday School, will meet in the church parlors this evening at 7:30 o'clock.

The Willing Workers class of the St. Paul's M. E. Sunday school will be entertained on Thursday afternoon by Mrs. Ben Goodin at her home in North Perkins.

The officers and teachers of the St. Paul's M. E. Sunday school will be entertained on Wednesday evening at 7:30 o'clock by Ernest Marlatt at his home at 409 West Seventh street.

The members of the B. Y. C. D. class of the First Baptist church will have a Halloween party tomorrow evening at the home of Mr. and Mrs. Lester Smith in North Arthur street.

Denning Havens of this city will appear in the role of Quiney Davenport in "The Melting Pot" which is to be staged at the Metropolitan School of Music Thursday evening under the direction of Prof. A. J. Beriault. Invitations to the production have been received here.

In order to make money to defray a missionary debt for the Mission Circle of the Fairview Christian church, Miss Mary Duncan and Miss Dora Saxon are giving a Halloween social this evening at the home of Miss Duncan near Falmouth. By means of a clever verse sent as an invitation, each couple was asked to give twenty-five cents toward the debt and in return be entertained for the evening.

Mr. and Mrs. John Cassidy entertained at their hospitable country home yesterday at dinner when their guests were Mr. and Mrs. J. T. Arbuckle, Mr. and Mrs. S. L. Innis and Herbert Branam.

The first division of the Ladies Aid society of the Christian church will give an apron sale and penny supper in the basement of the church on Friday evening of this week.

The Young Women's Missionary society of the United Presbyterian church will be entertained on Wednesday afternoon by Mrs. Hal Pike, at her home in West Ninth street.

Mr. and Mrs. Leonard Wewee entertained at dinner at their home northeast of the city last evening Miss Edith Wewee and Miss Loretta Rill of this city and Howard Wewee and Will Bisehoff of Indianapolis.

The C. W. B. M. of the Christian church will meet on Wednesday afternoon when the ladies of the November division will act as hostesses. Mrs. Walter Pearce, Mrs. Albert Allen and Mrs. Dan Matlock all have papers dealing with different phases of the general theme for the meeting, "Geographical and Religious Survey of Latin America." There will be a vocal solo by Mrs. Derby Green and reports of the national convention in Des Moines.

In honor of Miss Katherine Hunt of Indianapolis, Miss Golda and Miss May Weir gave a pretty party at their home near New Salem Friday afternoon. Fall decorations predominated throughout the home, making a pretty scene for the reception of the guests. Kodak pictures were taken, and games and contests entertained the guests. Mrs. Burl Matney proved to be the winner in one of the cleverest contests. Light refreshments were served.

Mrs. A. L. Riggs entertained at her home in North Perkins street Saturday with a luncheon honoring Mrs. Harkins and her daughters, Mrs. Howard and Miss Josephine Harkins, of Prestonburg, Ky. Four

prettily appointed courses were served at the tables which were decorated suggestive of the Halloween season. Mrs. Myers of Kansas City, Mo., and Mrs. Cooper of Greenfield were other out-of-town guests.

The wedding of Miss Edith Gronendyke and Clarence Jackson of Newcastle is of interest to their friends in this city. The wedding took place Saturday morning at the home of the bride in the presence of the immediate families. After a ten days honeymoon in Chicago, they will be at home in the Burr apartments in Newcastle. The bride is a member of the Psi Iota Xi and Kappa Alpha Theta sororities and Mr. Jackson is a member of the Kappa Alpha Phi fraternity. He is a traveling salesman for the Hoosier Manufacturing company.

The atmosphere of Halloween was presented to the last detail at the party given Saturday evening by the members of the Priscilla Art Club for their friends at the home of Miss Bessie Knotts in Falmouth. The large veranda was lit with pumpkin faces and lanterns, with ghosts here and there to greet the guests. A ghost opened the door and a witch stood at the head of the stairway. The living room, with corn stalks and autumn leaves carried out the idea of an outdoor scene and the dining room, in appropriate colors of yellow and black was draped with crepe paper from the chandelier. There were, too, black cats, pumpkin faces, witches and other weird emblems of the day in the dining room. It was here that the elegant two course pitch-in supper was served in buffet style to the 62 guests, including the members of the club and their invited friends.

Several clever Halloween "stunts" had been arranged to make the evening a merry one. Too, there were card games and music. Mr. and Mrs. Roscoe Ward of this city were among the guests.

A pretty wedding was solemnized at the beautiful home of Mr. and Mrs. John H. Frazee in North Harrison street, yesterday afternoon at

5 o'clock, when their niece, Miss Mary Lucile Smith, became the bride of Robert Reeves Woods of Arlington. Pink and white was the chosen color scheme carried out in the beautiful decorations. Boquets of carnations and chrysanthemums of these colors adorned the spacious rooms which, too, contained a number of lovely palms and ferns.

A bank of palms and ferns was arranged in the living room in front of the mantle. On each side stood a tall candle casting a soft light. Peeping up in the bank of greenery, were boquets of the predominating flowers of pink and white, and in front of this bank of beauty the ceremony was performed.

Immediately preceding the wedding, Mrs. Helm Woodward of Cincinnati, daughter of Mr. and Mrs. Frazee, sang in her usual sweet manner "It is Not Because Your Heart is Mine" and "Because." During the ceremony, Miss Norma Smith played softly "To a Wild Rose" and "To a Water Lily."

The bride looked lovely in a traveling suit of blue velour, trimmed in gold. Her large hat in the same shade of blue was trimmed, too, in gold and her blouse of gold lace was beaded in blue. She wore a beautiful bouquet of Killarney roses. The ceremony was read by the Rev. C. M. Yocum, who used the Episcopal service.

During the informal reception following, the bridal couple received the congratulations of their fifty friends and relatives attending the

affair. Dainty refreshments, in which the ices, cakes and confections, carried further the pink and white suggestion, were served.

Shortly after, the bridal couple left on the six o'clock train for Indianapolis where they will spend a short honeymoon. Their newly furnished bungalow in the country near Arlington awaits them. It is at Stop Beva Meadow.

The bride, because of her sweet personality, has a host of warm friends here. She is an active member of the Psi Iota Xi sorority and has been prominent in the social and religious circles of the city. She is a graduate of the local high school. Mr. Woods, too, is well known throughout the county and is a promising young farmer.

There were a number of out-of-town guests at the wedding, among them being Dr. I. F. Smith of Indianapolis, father of Miss Smith, Mr. and Mrs. J. E. Fish and Russell Fish, James L. Fish, and Mr. and Mrs. Ed Addison, all of Indianapolis. Mr. and Mrs. Woods and daughter, Mary, of Arlington, Chester Bearinger of Connersville, Mr. and Mrs. Frank Catt of Carthage, Mrs. James Havens of Arlington, Mr. and Mrs. Will H. McMillin, Mr. and Mrs. Frank Logan and Mr. and Mrs. Ross Logan of Gings, Mrs. Helm Woodward and son, Robert, of Cincinnati.

Mr. and Mrs. George Adams entertained a number of dinner guests yesterday at their home in North Sexton street. Their company included Mr. and Mrs. Henry Miller, Mr. and Mrs. Robert Miller, Mr. and Mrs. Harvey Miller, Miss Ida Miller, Frank McUlley of Carthage, Mrs. Henry Wills of New Salem, John and

Roy Wills and Clayton Wills. A number of other guests spent the afternoon with Mr. and Mrs. Adams.

Mrs. Nora Lore of this city and Thomas H. McCormack of Wabash were quietly married Saturday afternoon by the Rev. D. Ira Lambert. They will make their home in Wabash where Mr. McCormack is a foreman in a machine room.

Mr. and Mrs. Bert Osborne entertained at dinner yesterday at their country home, Mr. and Mrs. O. P. Wamsley and daughter, Kathryn, and Mr. and Mrs. Charles Winslip. In the afternoon, Mr. and Mrs. Osborn and their son, John Robert, with their guests motored to Greensburg for supper.

Light from pumpkin faces was shed through the rooms in the home of Miss Kathleen Coyne in North Sexton street when the members of the B. N. Club entertained their gentlemen friends Saturday evening. Orange and black decorations and corn fodder carried out the Halloween idea further. Fortunes were told and appropriate and jolly games were played after which refreshments of pumpkin pie, cake and milk were served. The hostesses and their guests were the Misses Nellie Brown, Ethel Oakley, Charlotte Smith, Anna Gessler, Maude Smith, Effie Young, Marjorie Maximer, Pauline Gessler, Kathleen Coyne and Eleanor Doll and Paul Doll, Laurence Knecht, Forrest Havens, Albert Sweet, George Perry of Indianapolis, Orval Evans, Don Hughes, Carl Gregory, Everett Oakley and Bert Colclasure, of Connersville.

CROWN PRINCE IS PROCLAIMED

Engagement of Future Emperor of Japan to Asake Ichijo Soon to be Announced.

IS PECULIAR CIRCUMSTANCE

Marriage Will be Delayed Several Years—She is the Only Available Candidate.

(Written for United Press.)
BY RALPH TURNER.

Tokio, Japan, Oct. 30.—Crown Prince Hirohito, fifteen years old, was today, his father's birthday, officially proclaimed. His engagement to Miss Asake Ichijo is soon to be announced.

Tokio, Oct. 2.—(By Mail)—For the first time in the history of Japan there is but one available candidate for the hand of the Crown Prince. She is Miss Asake Ichijo, fourteen. Her betrothal to the Prince will be announced soon after he is proclaimed. The marriage will be delayed several years.

Miss Asake, or Miss Morning, as it would be in English, will become the bride of the Emperor-to-be by virtue of a peculiar set of circumstances. She is without opposition for the place despite the tradition that permits the selection of the Emperor-to-be from many of 5 historical families, descendants of the ancient house of Fujiwara.

In former decades the members of the five families acted as courtiers or regents to the Emperor. They are still known as the "go sekks" (five regents). The "go sekks" are the families of Konoye, Takatsukasa, Kujo, Nijo and Ichijo.

The circumstances which give Miss Asake the clear path for the Imperial palace are:

The present head of the Konoye family, Prince Fumimaro has no daughter; in the Takatsukasa family there is no daughter of age to make her available; from the Kujo family came the present Empress Sadako, blood relationship eliminates her family and the Nijo family is on the financial rocks, the present head, Prince Hirohito having exhausted the treasury trying to attain political power.

SACRIFICE LOCKS TO AID WOUNDED

Twenty-Five Sets of Female Tresses Laid on Altar of War Hygiene and Efficiency.

ENTER HOSPITAL SERVICE

(By United Press.)

London, Oct. 30.—Twenty-five sets of female tresses were laid on the altar of war hygiene and efficiency here today.

The locks, in various stages of luxury, were owned by members of the Scottish Women's hospitals who are going to Russia for ambulance and hospital work. The women will aid the Serbians fighting in the Rumanian Dobruja.

The Honorable Evelina Haverfield one of the party, suggested that long hair would not make for efficiency in the work to come. Consequently and without a murmur, the 25 recruits paid a visit to the barber and emerged tressless.

Two field hospitals and a transport motor service, equipped and established by the Scottish Women's organizations, completely staffed by women, are now with the Serbians. There are seventy-five women in all. None has long hair. They are absolutely independent of male aid. They even dig the graves.

TO START WORK COUNTING VOTE

Referendum Ballot Cast by Jews to Decide About Convention is Ready For Count.

GOING ON SINCE OCTOBER 15

The Congress if Called Will Co-Operate With Jews of Other Lands in Program.

(By United Press.)

New York, Oct. 30.—The work of counting ballots on the referendum asked to affirm or negative a call in which the Jews of America were for an American Jewish Congress for the purpose of obtaining complete rights for the Jews, worldwide is to start here tomorrow.

The call for the Congress was agreed between the Executive Organization Committee of the American Jewish Congress and the Executive Committee of the Conference of National Jewish Organizations and in turn referred to American Jews for mail balloting beginning Oct. 15 and ending today.

If the call is affirmed the Congress will be held at a time fixed by the executive committee and prior to the close of the European war. The specific rights the Congress will seek are:

1. Civil, religious and political rights and in addition thereto.
2. Whatever the various peoples of any land are, or may be recognized, as having rights as such, the conferring of the Jewish people of the land affected, of like rights if desired by them, as determined and ascertained by the Congress.
3. The securing and protection of Jewish rights in Palestine.

The Congress, if called, is to select an executive committee which in co-operation with the Jews of other lands shall strive for the realization of the program.

LITTLE GINGER NEEDED IN WEST

Baseball Magnates May Strengthen Some of Teams For the Good of the Game.

SEVERAL DEALS PENDING

Attitude of Fans Towards Recent Games Caused no Surprise to Owners.

BY HAMILTON.

(By United Press.)

New York, Oct. 30.—All over the east baseball fans are howling and tearing their hair over the prices charged this year for admission to world's series games. Also, they have admitted they were surprised by the absolute calm which laid hold of Boston and Brooklyn during the series and before it.

There isn't anything wonderful about that calm, nor anything high handed in regard to the prices. The first was an unavoidable fact, the latter something that was bound to come sooner or later since luxury has come to be one of the requisites of such contests.

The east has been world's "seriesed" to death. Teams on the Atlantic seaboard have hogged the affair ever since Detroit and Chicago quit winning American and National league pennants. Even the Pirates were too far east for the good of the game. They take world's series games in the east now as a matter of course. The fans like them and they want to see one team or the other win, and they spend money to see the game, but the spirit isn't there and it never will be until the west has had some baseball prosperity.

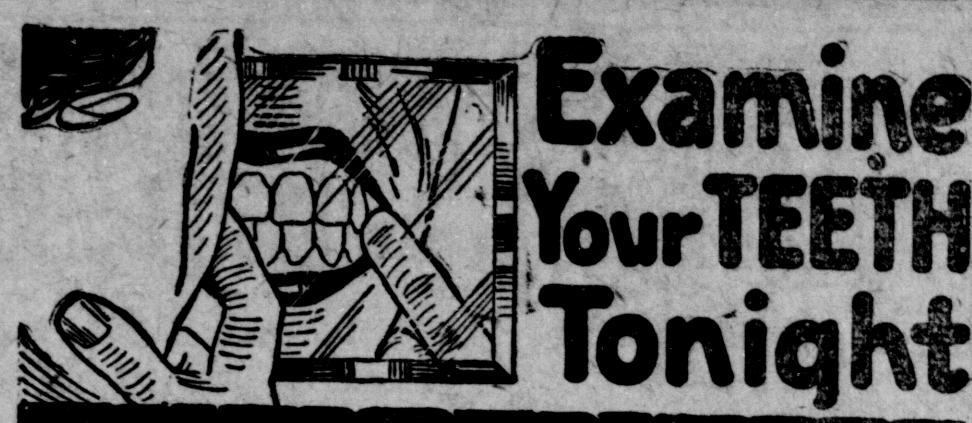

Magnates in the two big leagues realize this fact and it will be surprising if some deals are not put through this winter which will strengthen the western clubs to a point where they will be real pennant contenders. The White Sox are contenders now and so are the Tigers, but there are spots in each club which badly need strengthening and these will be given attention. In the National league the same conditions prevail and it probably will come to pass during the winter that St. Louis, Pittsburg and Chicago will be bolstered.

Before leaving for his home in Baltimore a few days ago Manager Wilbert Robinson of the Brooklyn National league champions, declared he was beaten by the better team in the recent world's series. The Dodgers' infield weakness, he said, had a powerful effect on his pitching. He promised to put through some deals during the winter which will plug up many holes in his team. He also expects several of his young players to deliver.

Examine Your TEETH Tonight

—after you clean them.

You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIFRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where germ-laden tartar is present.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.

Avoid Pyorrhea and decay. Get Senreco from your dealer today. In large tubes, 25c. Send 4c to Senreco, 304 Walnut Street, Cincinnati, Ohio, for liberal-sized trial package.

The Dodge

like the Maxwell and Studebaker is manufactured entirely by its own Company.

Dodge Brothers manufacture their own car in a factory with 24 acres of floor space.

They are bringing to bear upon it everything that tends to produce value—extraordinary experience; immense production capacity; complete financial independence; and that rigid insistence upon unerring accuracy which is recognized as the chief characteristic of all Dodge Brothers work.

Not a detail of the car was determined simply by precedent or custom—the one that was to see how much Dodge Brothers could give. Some lesser steel might have been used, but they used Chrome Vanadium. Some cheaper bearings might have been used, but they used Timken Bearings throughout.

IS YOUR HEALTH WORTH \$5.00?

Woman Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache or bearing-down pains, need the tonic-strengthening properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

ASK RESPECT FOR HOSTILE DEAD

Hungarians in Their Retreat Post Notice to Italian Troops Which is Obeyed.

HINT AT FUTURE FRIENDSHIP

(U. P. Staff Correspondent.)
Rome, Oct. 15.—(By Mail)—Saddened by their losses, retreating Hungarians placed on a cross in one of their abandoned graveyards a message which after the war may grow into a legend which will help bind Austro-Hungary to Italy in peace.

The improvised cemetery is on the Lower Corso. Each of its 2,000 graves is marked with a small wooden cross and buckler. On the cross nearest the gate under the caption "K. K. R. I. 46 Friendhef" is the plea. It reads:

"Italians!—If in your heroic advance, you come on these parts, show not profanity, but respect to this little city of the dead. Keep it safe, we pray you. For after this calamity, when we will again be friends, we shall still have tears in our eyes to water the soil, which covers the bones of our brothers."

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

GUARDSMAN FROM FORT WAYNE KILLED

Private Robert E. Sullivan Dies From Effects of Bullet Wound Accidentally Made

GUN THOUGHT TO BE EMPTY

Llano Grande, Tex., Oct. 30.—An accidental shot from the revolver of Private Burl Nicholson, Company D, First Indiana Regiment, Indianapolis, killed Private Robert E. Sullivan, 24 years old, company E, First Regiment, of Fort Wayne Sunday.

Nicholson was in an E company tent showing the revolver, which he had just received from Indianapolis, to friends. Sullivan was sitting on a cot in his own tent. Nicholson thought the revolver was unloaded, snapped the trigger, and a bullet went through two tent walls and struck the victim in the right breast. He died in three hours. Nicholson is under arrest.

Sullivan's mother is Mrs. Anna Sullivan, 817 Cottage avenue, Fort Wayne. Nicholson lived at 751 West Michigan street. His mother is said to be critically ill. The lad is overcome with grief. Col. Naftzger named Capt. W. P. Carpenter, Indianapolis, machine gun company, First Indiana Regiment; Capt. F. E. Livengood, Indianapolis, Company A, First Regiment, and Capt. L. A. Harriman, Martinsville, Company K, First Regiment, as a board of inquiry.

RAILROAD MEN OBJECT TO ADAMSON WAGE LAW

Switches from Wilson to Hughes

James D. Ryan, secretary of the Princeton, Ind., local Order of Railway Conductors, and one of the oldest organizers in the country in point of service, says:

"Why was I for Wilson immediately after the 'eight-hour settlement,' and against him now? Well, I'm ashamed to tell it, but I'm going to. I knew if the strike was called promptly following the 'poll' and before August 1 we would win it. But first one delay and then another came. And then President Wilson 'asked' the brotherhood representatives to call on him. The President's requests are to be regarded as commands. They went. The delays grew. The 400,000 men were on tenterhooks of anxiety over the outcome, which meant so much to them. The soldier at the front or in the trenches is brave as he prepares to leap to the attack. But restrain him—hold him back a day, two days, and the strain gets on his nerves; his ginger begins to evaporate. That's just what happened to me, and to others in this strike matter—the delays caused a whole lot of ginger to evaporate; the strike that might have been won before August 1 was doubtful when it had been delayed to September 4, and I confess when the President finally put that measure through I felt a great big relief from the strain, and my heart beat with gratitude toward Woodrow Wilson.

"But gradually I began to wake up and to feel ashamed of my weakness, when after some hard thinking I came to the full realization of all that had been taken from us by Wilson; that we had been robbed of the powerful leverage of our 'collective bargaining' and had been forced into the necessity of becoming a political machine to take our demands each time before Congress. If the law shall stand. Thereupon I decided that I would vote for Charles Evans Hughes, and that it is my duty to try to urge his support by brotherhood men who value all they have labored for so many years, and for a protective tariff that will insure good business conditions for the country and for them."

Does Not Protect Hours of Labor

M. M. Garland, of Pittsburgh, former vice-president of the American Federation of Labor, in discussing Adamson law says:

"The Adamson law, whatever else it may be, is not in any sense an act to restrict labor to eight hours. No railroad man at the hearings in Congress ever intimated that he wanted an eight-hour day. They all said that what they wanted was an increase in wages so as to get a fairer share of the railroads' increased earnings, due to the fact that trains manned by the same number of men were earning many times as much for the railroads by reason of the longer trains and the stronger engines. The bill as first presented contained a provision for time and a half for overtime, but when it came from the committee there was no provision for time and a half for overtime, but merely for prorata day for time over eight hours.

"This means that so far as this act is concerned it might as well mention four hours as a basis of pay or one hour. If the longer hours of a full day for which the railroad men wanted pay was only to be pro rata for the hour mentioned, the men would earn no more under a law that read four hours or one hour as a basis. As the law is worded it contains no benefit to the railroad men."

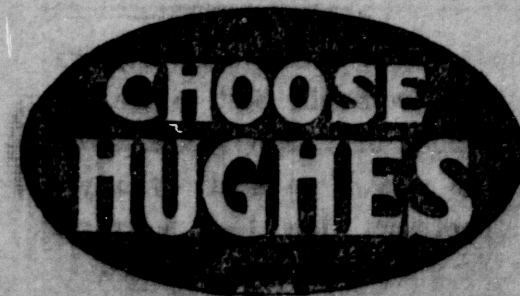

Extracts from Legal Opinion on Adamson Wage Law by M. L. Clawson, Foremost Attorney for Organized Labor in Indiana.

"The Adamson act does not state that his work shall cease with eight hours, but that it shall simply be a basis for reckoning compensation, and that it shall be considered a standard day's labor. It further does not provide a penalty for any one who requires or permits service beyond the 16-hour period.

"Under the Adamson act a man may work 24 hours, and for a period of 11 months as a maximum beyond the time of the commission's appointment, it simply prescribes the rate of wage that he shall receive, and for all periods of time beyond the 11 months hereinbefore referred to. There is no restriction as to hours of labor at all so far as a violation of the act is concerned, for Sec. 1 of the act simply says that eight hours shall be considered the standard work day. Therefore we have only one law which imposes a penalty for working more than 16 hours and that is the so-called hours of service act.

"Now, if a trainman shall run 100 miles in 5 hours, and 8 hours is the basis for reckoning his compensation, we are of the opinion that under the Adamson act after the maximum time of 11 months has expired, there is no rate of wage provided, and that it is wholly a matter of negotiation between the railways and their employes, and we are of the opinion that within the 11 months as a maximum period the trainman who travels 100 miles in 5 hours will receive his proportionate part of the eight-hour standard pay.

"We therefore conclude that if he works the standard eight-hour day he gets the present standard pay. If he works one-half the present standard eight-hour day he gets one-half the present standard wage scale."

—INDIANA REPUBLICAN STATE COMMITTEE.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

ASKS DEVOTION TO IDEALS BE RENEWED

Harry S. New Pleads for Renewed Devotion to American Ideals at Flagpole Raising

NATIONAL DIGNITY DECLINES

Laporte, Ind., Oct. 30.—Harry S. New, republican candidate for U. S. senator, speaking at a flagpole raising here Saturday declared that American prestige and national self-respect made imperative the defeat of President Wilson and the election of Charles Evans Hughes. While the meeting was a republican rally, it also took the aspects of a patriotic celebration as Mr. New pleaded with his audience for a rebirth of patriotism and for renewed devotion to American ideals.

"I do not want war; I am not a jingoist but I certainly want to be able to respect my country," said Mr. New. "During the Wilson administration we have experienced a decline of national dignity and American self-respect until the stability of our government has been threatened. Just as a child will not respect its father unless the latter demands due respect for the rights of that child, so a nation need not be expected to maintain its standing unless this government insists upon a proper regard for its rights. Mr. Wilson is an excellent grammarian, but his language does not have any United States in it.

"Because I am profoundly interested in the stability of the American government and in the welfare of the people of the United States, I urge you to cast your votes for Mr. Hughes for president. His entire career devoted to public service justifies the confidence of the American people and makes sure his ability to serve the people as their president in a way it will protect and dignify the nation."

HEARING IS HELD ON PARK QUESTION

Will Determine Advisability of Locating National Park in Northern Indiana.

HAS LITTLE OPPOSITION

(By United Press.)

Chicago, Ill., Oct. 30.—A hearing regarding the advisability of locating a national park in the Northern Indiana sand dunes, east of Gary, was held today in Judge Kohlsaat's court here.

The hearing is held under the provision of a resolution introduced in congress by United States Senator Taggart.

A committee of Chicago and Indiana members of the National Sand Dunes Park association has prepared data on the location of the park and submitted it at the hearing.

Little opposition to the park has been made.

A GOOD FRIEND

A good friend stands by you when in need. Rushville people tell how Doan's Kidney Pills have stood the test. Mr. Priest endorsed Doan's over six years ago and again confirms the story. Could you ask for more convincing testimony?

Geo. Priest, 223 W. Third St., Rushville, says: "I have been afflicted more or less with kidney trouble for several years. It came on me gradually and each day, I could notice that it was becoming worse. It started with a dull pain directly over my kidneys, dizzy spells followed and there seemed to be specks before my eyes. Doan's Kidney Pills procured from Johnson's Drug store freed me from that distressing pain in my back and restored my kidneys to a normal condition."

The above statement was given on March 9, 1910 and on Aug. 26, 1916, Mr. Priest said: "Whenever my kidneys bother me I use Doan's Kidney Pills and they always give me good results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Priest has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

TO GIVE PEOPLE A HALF HOLIDAY

Administration "Warms Up" to District of Columbia Employees on Eve of Election

EFFORTS TO WIN GOOD WILL

Government Employees at Washington Already Have 7 Hour Day and Half Holiday in Summer

Washington, October 30.—Public men in the city of Washington are much amused over the efforts now being made by the Wilson Administration to get into the good graces of government employees in the District of Columbia. It is a notorious fact that because of its inefficiency in supervision due to the appointment of inexperienced supervisory officials, the Administration has forfeited the respect and the good will of the vast number of persons employed in the public service at the National Capital. These people have been writing to their friends and relatives all over the country telling of the incompetent and wasteful management of the national business. Communications of this kind have naturally been hurting the Administration very materially.

On the eve of election, therefore, an effort is being made to win the good will of these employes. As a means to this end, the Administration is proposing to give all employes in the District of Columbia a half holiday every Saturday afternoon throughout the year. At present this half holiday is granted only during the summer months.

Government employes here go to work at nine o'clock in the morning, take a half hour off for luncheon at noon, and quit at 4:30 in the afternoon, making seven hours of work. In order to justify in the public mind the granting of a half holiday throughout the year, the heads of various bureaus have been writing letters to the heads of Departments and the heads of Departments have been writing letters to the President favoring the Saturday half holiday, and asserting that the employes will do just as much work if the half holiday is granted.

The amusing feature arises from the inconsistency readily apparent when one turns to government reports and finds that in various bureaus it is claimed that because of an insufficient number of employes, it is necessary for many of them to work longer than the seven hours now prescribed. If it is true, as now stated by the officials, that the employes will do as much work in a shorter number of hours per week, then it follows that the government is not getting any more out of its employes by working them overtime.

In the effort to justify the half holiday for the purpose of winning the favor of public employes the Administration is giving the lie to its former representations that there were an insufficient number of employes to do the work and that they kept the work up by working over time.

In the government service outside of Washington a Saturday half holiday is not granted and even in Washington the half holiday does not apply to postal employes. The seven-hour day is the universal rule in the government service here, except that in summer three hours are deducted on Saturday, making in fact an average day of 6½ hours.

HUGHES SPECIAL IS GOING THROUGH

Train Carrying Republican Presidential Candidate Will Not Stop in Rushville, However.

REPLY FROM STATE COMMITTEE

County Chairman Gets Word, in Answer to Request, That Hughes Will Not Appear Here.

The special train carrying Charles E. Hughes, the Republican presidential nominee, will pass through Rushville tomorrow morning about seven o'clock enroute to Columbus, where he will begin his second invasion of Indiana.

The information was received this morning at the local Pennsylvania station. According to the schedule, the Hughes special train will leave Richmond at 5:45 a. m. and under ordinary conditions should reach Rushville at about ten minutes to seven o'clock. Should the train be late in reaching Richmond from the east, the train will probably reach here shortly after seven o'clock.

The train is due at Columbus at 8:30 o'clock and the republican candidate is booked to spend one-half hour in that city. As soon as the news reached here that the train had been booked over the Pennsylvania railway from Richmond to Columbus by way of Dublin Junction, there was great excitement in the Republican ranks and Fon Riggs, republican county chairman, immediately wired state headquarters in an effort to have the nominee make a five minute speech from the rear platform, but received word that the stop would be impossible.

It was not considered likely that the request would be granted when the wire was sent, as Mr. Hughes has a two day tour of Indiana ahead of him and it would be impossible for him to speak at every town demanding his attention. The hour of the day was also against the chances of local people getting the chance to hear him.

The exact route of the special train was not made public until today. Had the route been known when the Columbus meeting was announced a greater effort would have been made to have the train stop here. Shelbyville was also seeking to have the train stop there for a few minutes.

There promises to be a large crowd on hands to see the train go through. It is safe to say that there will be hundreds of people at the Pennsylvania station waiting for the train in the hopes of getting a glimpse of the candidate and possibly the next president of the United States. It is expected that the train will run ahead of the regular south-bound morning train, due here at 7:10 a. m.

There was much speculation as to whether the presidential candidate would be out of bed when his train passes through Rushville. The suggestion was made by many that a man of such regular habits as Mr. Hughes would be out of bed and have his breakfast by seven o'clock.

He also spent \$1,300 for purposes which it is not necessary under the law to report, being personal expenditures. He states that he received no contributions and has made no pledges or promises.

GLOVES ON GIRL'S HANDS CATCH FIRE

Miss Elizabeth Jones Seriously Burned While Trying to Clean Them With Gasoline

SKIN COMES OFF WITH GLOVES

Attempting to dry a pair of gasoline-soaked kid gloves over a fire proved a frightful experience for Miss Elizabeth Jones, 18, daughter of Mr. and Mrs. Riley Jones, Saturday at her home in North Arlington street. Miss Jones washed the gloves while they were on her hands intending to clean them and then struck a match with which to light a hot-plate in order to dry the gloves over the fire.

Just as soon as she struck the match both hands were in flames. She ran to her mother who attempted to smother the flames with some bed clothing, and failing in this, she then put both of the girl's hands down in the flour bin. The bed clothing caught fire but resulted in little damage.

When the flames were finally extinguished and the gloves pulled from the girl's hands the flesh on the back of both hands came off with the gloves. Miss Jones suffered great agony. The burns while not deep will no doubt prove difficult to heal and may result seriously.

TAX OUTLOOK IS NOT ENCOURAGING

With One Week Remaining to Pay Fall Instalment, \$129,062.30 is Still on Duplicates

OFFICE TO BE OPEN AT NIGHT

With one week remaining in which to pay the fall instalment of taxes, the outlook is not very encouraging at the county treasurer's office that all of the amount on the duplicate will be collected. At the start of today's business there remained to be collected the sum of \$129,062.30. This means an average of \$18,437.47 a day for the next seven days. A total of \$132,057.63 has been collected, including last Saturday's collections which totalled \$13,227.60.

Starting Thursday night the office will be open at night, including Monday night the final day for paying taxes. The office will close each afternoon at five o'clock and open again at seven o'clock, remaining open until nine o'clock. The office will be open at night for the benefit of the city people, who find it impossible to get to the office in day time.

PRISON SUNDAY OBSERVED HERE

Ministers of Two Churches Preach Special Sermons on Criminal Problems

STATE BOARD BACKS PROJECT

Collection for Armenian and Syrian Relief Taken at United Presbyterian Church

Prison Sunday did not pass unnoticed in Rushville churches, the special occasion being observed by the congregations of St. Paul's M. E. and the First Presbyterian churches. In each case the minister preached a special sermon at night.

At the United Presbyterian church the usual routine was deviated from by the congregation when a special collection was taken for Armenian and Syrian relief. An association is making an appeal all over the United States for funds to be used in helping war sufferers in Armenia and Syria.

Just how much value there may be in the devotion of a single day in the year by the churches to the criminal problem is not measurable, but the state board of charities, in a current utterance, declares that the steadily increasing interest in the cause of prison reform and prevention of crime is due in no small degree to the observance of Prison Sunday in edifices of worship.

It appears that the power of the church as a preventative of crime consists largely in its influence over children, and its opportunity to mold the young into useful, conscientious and law-abiding citizens. Indiana has many excellent laws providing for the safe-guarding of morals among boys and girls, but unfortunately there are numerous communities in which these laws are not adequately enforced.

In asking the churches anew to co-operate in prison reform and crime prevention work, the state board of charities put to each clergyman these questions, which suggest line of opportunity for welfare activity:

"Have you visited the jail and poor asylum of your county? Do you know their condition, how they are conducted, the source of their population, and what their facilities are for improving the condition of their inmates?"

"Have you a board of county charities in your county? Does the law provide for regularly visiting, inspecting and reporting upon these institutions?"

"Have you a board of children's guardians, to look after the neglected children of the county?"

VILLISTAS CAPTURE TOWN

Take Santa Rosalia When De Facto Troops Show Their Heels

(By United Press.) El Paso, Texas, Oct. 30.—The town of Santa Rosalia about 80 miles south of Chihuahua City is in the hands of Villista bandits today while the main force of Villistas on three trains is moving southward toward Jimenez, according to reports received today by United States department agents here.

As the Villistas approached Santa Rosalia part of the garrison fled to the hills. The others fired a few shots at the bandits and followed.

Leaving a small force, the main body of the bandits boarded three captured trains and pulled out for the south.

Military men here expect an attack on Jimenez in a short time.

FIRST MEETING OF WEEK TONIGHT

W. D. Cochran Will Deliver Republican Speech at Milroy Tonight Opening Final Campaign Drive

GLENWOOD ON WEDNESDAY

J. O. Batchelor Will Deliver Main Address at District Meeting of Hughes Hustlers Thursday

With two republican meetings in this city this week and two in other parts of the county, the republicans faced a busy closing week of the campaign. The first meeting of the week will be at Milroy tonight where W. D. Cochran, a prominent republican will speak. On Wednesday night Samuel D. Miller will speak at Glenwood.

On Thursday night, the Sixth District meeting of the Young Men's Republican clubs will be held here. The Hon. J. O. Batchelor will deliver the address. Word from all the counties in the district indicates that each will be represented at the meeting and this is expected to be one of the events of the campaign.

A parade in which drum corps and bands will participate will precede the speaking. The speaking will be held in the Graham Annex Auditorium, starting at 7:30 o'clock. The district meeting is similar to those held all over the state. The Hughes Hustlers here are backing the meeting, but the speaking is open to the public and every republican is urged to get in the parade.

The final meeting of the campaign will come on Saturday night. This meeting will also be preceded by a parade and will take on the appearances of an old time rally. Senator Lawrence Y. Sherman of Illinois has been secured to make the address. James E. Watson has always closed the campaign in Rush county, but this year the local committee told him they would not expect him here if he thought he could go some place where he could do more good. Senator Sherman is said to be a good substitute for Mr. Watson.

Last June Senator Sherman was a candidate for the presidential nomination in the Chicago convention and was frequently mentioned for the place. He is an able orator and this meeting should be one of the best of the entire campaign.

Chairman Riggs today issued a call for all precinct committeemen, inspectors, judges and candidates to meet at the republican headquarters Saturday afternoon at 2 o'clock.

VIOLENT COUNTER ATTACK

Famous German Troops Appear on Somme but are Repulsed

(By United Press.) London, Oct. 30.—Berlin and Brandenburg troops famed for their fighting power at Verdun, launched one of the most violent counter attacks of the whole Somme front last night north of the river.

The French war office admitted this afternoon that the Germans penetrated a farm west of Peronne but claimed the repulse of other heavy attacks.

The German war office claimed the capture of the farm and all the French positions together, with 412 prisoners. British gains in the fighting north of the river were admitted at Berlin.

All along the Transylvanian frontier the Austro-Germans and Roumanians are engaged in a series of battles. The German war office announced the capture of several heights southeast of the famous Red Tower pass.

NO FORMAL REPUDIATION

Mexican Ambassador Thus Far Fails to Retract Attack by Cabrera

(By United Press.)

Washington, Oct. 30.—Formal repudiation by Mexican Ambassador Arredondo of alleged criticism of this government by other Mexican officials was not received by the state department today as anticipated, following informal repudiation last night by the ambassador. At the embassy it was said Arredondo is ill.

The alleged criticism was made by Luis Cabrera, head of the Mexican side of the joint American commission, assailing this government for permitting aid to reach Mexican bandits from the United States.

WILL NOT ALLOW ANY DESTRUCTION

Police Will Not Begrudge Young People Wholesome Fun on Halloween Night, Mayor Says

2 PLAINCLOTHES MEN TO BE ON

The Halloween celebration here tomorrow night must pass without the destruction of property, according to the police. The police will not begrudge the young people the wholesome fun obtained from the celebration of Halloween in a proper way but the radical element that sees fun in destroying property will be given strict attention by the police.

Mayor Bebout announced today that the entire police force would be on duty tomorrow night and that at least two plain clothes men would be on the job. The city will be patrolled and a concerted effort will be made to keep the property damage down to a minimum.

For the past several years the younger generation has gotten away from the habit of destroying property and it is hoped that tomorrow will see the evil entirely eliminated.

JAW BONE BROKEN BY HORSE'S KICK

18-Year-Old Son of Mr. and Mrs. H. W. Miles Also Loses 9 Teeth in Accident Today

ON FARM EAST OF DUNREITH

The eighteen-year-old son of Mr. and Mrs. H. W. Miles, living one and one-half miles east of Dunreith, was kicked by a horse this morning, suffering a broken jaw bone and the loss of nine teeth. His lip was also badly torn and lacerated by the horse's shoe.

The young man was playing with the dog out in the barn and went into a stall beside a horse. Without warning the animal kicked him squarely in the jaw.

Dr. Kirk of Spiceland was the physician in charge and he called Dr. J. C. Sexton and Dr. Charles Green of this city, the latter doing the dental work needed.

Mr. and Mrs. Miles moved here from Boone county, near Lebanon, a short time ago, and purchased the farm on which they now live.

ROAD SOLD AT AUCTION

Cleveland, O., Oct. 30.—The Wheeling and Lake Erie railroad was sold at auction today for \$12,000,000 to William R. Bagg of New York, representing Kuhn, Loeb and company. Bagg said Kuhn, Loeb and company are acting for the holders of \$8,000,000 in the three-year notes of the road.

NO WARNING IS GIVEN MARINA

British Steamer is Sent to Bottom by Shell Fire From a German Submarine Saturday.

CONSUL FROST SENDS REPORT

Two Americans and Five Filipinos Aboard—Rowanmore Sunk Trying to Escape Submarine.

(By United Press.)

Washington, Oct. 30.—The steamer Marina, sunk by shell fire by a German submarine Saturday, was sent to the bottom without warning. Consul Frost at Queenstown cabled the state department today.

Frost said the crew was reported to include Americans. Only 34 out of 104 have so far been accounted for, Frost said.

Consul Frost also cabled today the freighter Rowanmore was attacked by a German submarine and sank while attempting to escape. Two Americans and five Filipinos were aboard, Frost reported.

The Rowanmore, according to Frost's report, tried for fifty minutes to escape from the submarine. The steering gear was shot away and the master brought the vessel to a stop, signaling that he was abandoning her. The submarine continued shelling and shelled the life boats after they had steered away.

(By United Press.)

London, October, Oct. 30.—The Donaldson liner Marina flying the British flag and with several American citizens among her crew, was sunk by a German submarine Saturday afternoon, it was announced today.

The first advices received here said that 70 of her crew were missing, only 34 having been landed. Later a Lloyds dispatch said that a patrol boat had rescued the crew, making it uncertain whether there were any casualties.

The steamer was sent to the bottom by shell fire. Dispatches from Queenstown quoted American Consul Frost as reporting that the ship was torpedoed without warning. The American embassy, however, has received no confirmation of this statement.

RECKONING COMING FOR ROUMANIANS

Von Hindenberg, Paying First Visit to Berlin, Says They Will Help Germans Out of Trenches.

DEMONSTRATION IN HIS HONOR

(By United Press.)

Berlin, Oct. 30.—"The Roumanians still retreat and their day of reckoning is coming," declared Field Marshal Von Hindenberg, Germany's greatest war hero who is paying Berlin his first visit since the beginning of the war.

"I welcomed their entrance into the war," continued Hindenberg, "for by it we get out of the trenches."

"The French have showed their tenacity but they are exterminating lives by their present method of fighting. All their tenacity will be of no use to them and finally there will be none of their left. The French nation owes this state above all to the English. If the English ask for another offensive of the same style this coming spring, then they will rob France of the rest of her army and of her national strength."

The war has not changed his opinions about English military accomplishments, said Hindenberg. A great demonstration was given in his honor. Hindenberg was in Berlin several hours before it became generally known.

FLORENCE

You will remember the great Hot Blast Air Tight Florence that was demonstrated in the Centennial parade Friday, Oct. 13, by Mr. J. B. Howard, the inventor. Read what he has to say about it:

Mr. Howard, the inventor, says that with 4 or 5 tons of the poorest and cheapest grade of soft coal you can heat 4 or 5 rooms all winter with a No. 153 Florence, which will produce cleaner results than hard coal in a base burner. The result that you will get with 4 or 5 tons of the poorest soft coal in the Florence, will equal 6 or 7 tons of coal in any other make of stove or furnace. George Brackert Seitz—the name Seitz is synonymous with serials. The young king of serials was born in the serious city of Boston Jan. 3, 1888. Seitz is extremely youthful looking and has an active pair of blue eyes that can see more "plots" in life in a second than most writers can in a year. With "The Perils of Pauline," "Elaine," "The Iron Claw" and his five reelers he has given millions of moving picture goers more thrills and creeps to the square inch of cuticle than all serial writers combined. With "The Shielding Shadow" he has out thrilled all his former thrillers and his newest offering has been well pronounced his wonder serial.

Farmers Pay Tribute

The farmers of the United States are contributing millions of dollars for the support of the Carranza Government, and also for the support of the Mexican policy pursued by the present administration. This is done through the instrumentality of the Commission Reguladora del Mercado de Henequen, which is nothing more or less than the gigantic sisal or Binding Twine Trust, which works out of Yucatan and operates in the United States.
For the past twenty years sisal from which binding twine is made sold at six cents. Today the monopoly is holding it at 10 3/4 cents, and reports are that the price is to be boosted higher. Every time sisal is advanced one cent a pound it takes just three million dollars out of the pockets of the farmers of the United States in the price they pay for their binder twine. It is expected that the price will go up to eleven cents, or five cents more than the average paid for the past twenty years.
Since it costs the farmers of the United States three million dollars every time the price goes up one cent, this means that in the harvesting of their next crop they will pay in tolls to Venustiano Carranza, and

to the Democratic administration at Washington the huge sum of fifteen million dollars.
Under the Carranza regime a monopoly has been established in this fibre which works under the name above mentioned. Merchant firms shipping sisal to the United States have all been put out of business and the Reguladora absolutely controls the total output from which three-fourths of all fibre twine used to harvest the grain crops of the United States is made.
In spite of this holdup of the American farmer, the administration at Washington has done absolutely nothing to check it. A Committee in the Senate was appointed last February to take testimony. Hearings were held during February, March and April, but the Senate Committee has never reported, notwithstanding the fact that Senator A. J. Gronna, representing the Farmers of North Dakota, made strenuous efforts to have action taken. The matter was referred to the Federal Trade Commission for investigation, which, of course, means a further delay. The reports of the hearings were not reported until last week.
In the meantime the Department of Justice has not taken a single step to combat this foreign monopoly doing business in this country with the aid of American capital, secured from American Banks, which is so oppressing the American Farmer.
Now what is becoming of the money secured by this monopoly. The producers of sisal in Yucatan are paid in paper money printed by the monopoly itself, while the sisal crop is sold in this country for good American gold.
The annual value of this crop at present prices is between thirty-five and forty million dollars. It can easily be seen what a vast amount of money is being furnished by the American farmers to the Carranza Government for such use as it may see fit. This money, or that part of it which is not taken over by the American banks backing this institution, and to the institution itself, is paid to the Carranza Government which controls the output. It is used for the purchase of arms and ammunition with which our neighbors across the border may kill Americans.
Because the administration has pledged to support the tottering regime of Venustiano Carranza not one thing is being done by the administration to fight this most high-handed of foreign monopolies, which brazenly proclaims that it controls the price of sisal fibre and no one can interfere with it.

The Indianapolis News says that the rattle of the Wilson and Marshall campaign buttons was audible at the Indianapolis city hall one day last week when they were cast into the cuspidors and the Marion county democratic machine put on the little Taggart buttons and went to work for the supreme boss, thus revealing just how the elements are lined up in this campaign. The machine cares nothing for Wilson, except that they think he is the best means to keep their fingers in the pie. Once their own godfather is in danger of defeat, they take off their coats and go to it.

Safeguarding National Prosperity Through the Tariff
(Cincinnati Enquirer)
There are now nearly 2,000,000 of women in the British Isles who are employed in agricultural pursuits, in manufacturing establishments, in public utility service, in stores, shops and offices, having taken the places of employment of nearly 2,000,000 of men who have gone to fight for their King and country.
When the 4,000,000 British soldiers return home at the close of the war there will certainly result an anomalous condition in the efforts of the women to retain their places and in the desire of the men to obtain employment. There will be a labor crisis, an industrial crisis, and the ultimate result cannot fail to be a

sharp decline in wages throughout the United Kingdom. British manu-

facturers and British ship owners, British bankers and British merchants will be united and prompt in clearing the warehouses, the fac-

ories and the mills of the outputs of British cheap labor, and they will press these outputs for sale in every market on the globe where sales can be made.

France, Germany, Austria and Italy will all have the same conditions of surplus labor, competition for employment and the fall in wages, and these countries will be enterprising and anxious to secure real money for their manufactured outputs. Their business men will be enterprising and anxious to secure real money for their manufactured outputs. Their business men will be offering their merchandise on foreign markets at exceedingly low prices.

Germany is giving employment today to nearly 3,000,000 men, prisoners of war, and, while feeding them, gives them eight cents each a day to buy tobacco or other small articles, but exacts a full day's work and no days off, save from sickness. There prisoners are employed in the fields, the forests, the mines, the quarries, in the mills, in factories, and the outputs of the manufacturing plants of Germany are believed to be enough larger than domestic consumption at the present time to warrant the belief that the nation is accumulating surplus stocks in many lines of goods which it will be compelled to hold until the war ends, and then will come "the dumping" upon the markets of the Western world.

Germany expects to induce more than 1,000,000 of the Russian prisoners of war to remain within her boundaries as settlers in Germany after the end of the strife. Russia may be their native land, but Germany will offer them inducements to remain that they are likely to accept. German system, German efficiency, German low wages - make Germany a formidable competitor in industry and commerce. Then there

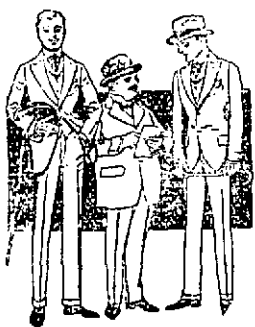

is Japan. Japan, with the Oriental subtlety in trade, the cleverness of the Japanese to copy closely and the ability of Japanese manufacturers to command extremely low-priced labor, and the promptness of

the Japanese Government to promote Japanese export trade.

How will our manufacturers fare when the war closes and they will have to face these conditions so advantageous to manufacturers in Eu-

rope and in Asia, and so dangerous to their trade?

The tariff gates should swing shut to protect the United States from industrial depression.

SOCIETY

The Worker's conference, composed of the officers and teachers of the Christian Sunday School, will meet in the church parlors this evening at 7:30 o'clock.

The Willing Workers class of the St. Paul's M. E. Sunday school will be entertained on Thursday afternoon by Mrs. Ben Goodin at her home in North Perkins.

The officers and teachers of the St. Paul's M. E. Sunday school will be entertained on Wednesday evening at 7:30 o'clock by Ernest Marshall at his home at 409 West Seventh street.

The members of the B. Y. C. D. class of the First Baptist church will have a Halloween party tomorrow evening at the home of Mr. and Mrs. Lester Smith in North Arthur street.

Denning Havens of this city will appear in the role of Quincy Davenport in "The Melting Pot" which is to be staged at the Metropolitan School of Music Thursday evening under the direction of Prof. A. J. Beriault. Invitations to the production have been received here.

In order to make money to defray a missionary debt for the Mission Circle of the Fairview Christian church, Miss Mary Duncan and Miss Dora Saxon are giving a Halloween social this evening at the home of Miss Duncan near Falmouth. By means of a clever verse sent as an invitation, each couple was asked to give twenty-five cents toward the debt and in return be entertained for the evening.

Mr. and Mrs. John Cassidy entertained at their hospitable country home yesterday at dinner when their guests were Mr. and Mrs. J. T. Arbuckle, Mr. and Mrs. S. L. Innis and Herbert Branam.

The first division of the Ladies Aid society of the Christian church will give an apron sale and penny supper in the basement of the church on Friday evening of this week.

The Young Women's Missionary society of the United Presbyterian church will be entertained on Wednesday afternoon by Mrs. Hal Pike, at her home in West Ninth street.

Mr. and Mrs. Leonard Wewee entertained at dinner at their home northeast of the city last evening Miss Edith Wewee and Miss Loretta Rill of this city and Howard Wewee and Will Bischoff of Indianapolis.

The C. W. B. M. of the Christian church will meet on Wednesday afternoon when the ladies of the November division will act as hostesses. Mrs. Walter Pearce, Mrs. Albert Allen and Mrs. Dan Matlock all have papers dealing with different phases of the general theme for the meeting, "Geographical and Religious Survey of Latin America." There will be a vocal solo by Mrs. Derby Green and reports of the national convention in Des Moines.

In honor of Miss Katherine Hunt of Indianapolis, Miss Golda and Miss May Weir gave a pretty party at their home near New Salem Friday afternoon. Fall decorations predominated throughout the home, making a pretty scene for the reception of the guests. Kodak pictures were taken, and games and contests entertained the guests. Mrs. Burl Matney proved to be the winner in one of the cleverest contests. Light refreshments were served.

Mrs. A. L. Riggs entertained at her home in North Perkins street Saturday with a luncheon honoring Mrs. Harkins and her daughters, Mrs. Howard and Miss Josephine Harkins, of Prestonburg, Ky. Four

prettily appointed courses were served at the tables which were decorated suggestively of the Halloween season. Mrs. Myers of Kansas City, Mo., and Mrs. Cooper of Greenfield were other out-of-town guests.

The wedding of Miss Edith Grondyke and Clarence Jackson of Newcastle is of interest to their friends in this city. The wedding took place Saturday morning at the home of the bride in the presence of the immediate families. After a ten days honeymoon in Chicago, they will be at home in the Burr apartments in Newcastle. The bride is a member of the Psi Iota Xi and Kappa Alpha Theta sororities and Mr. Jackson is a member of the Kappa Alpha Phi fraternity. He is a traveling salesman for the Hoosier Manufacturing company.

The atmosphere of Halloween was presented to the last detail at the party given Saturday evening by the members of the Priscilla Art Club for their friends at the home of Miss Bessie Knott in Falmouth. The large veranda was lit with pumpkin faces and lanterns, with ghosts here and there to greet the guests. A ghost opened the door and a witch stood at the head of the stairway. The living room, with corn stalks and autumn leaves carried out the idea of an outdoor scene and the dining room, in appropriate colors of yellow and black was draped with crepe paper from the chandelier. There were, too, black cats, pumpkin faces, witches and other weird emblems of the day in the dining room. It was here that the elegant two course pitch-in supper was served in buffet style to the 62 guests, including the members of the club and their invited friends.

Several clever Halloween "stunts" had been arranged to make the evening a merry one. Too, there were card games and music. Mr. and Mrs. Roscoe Ward of this city were among the guests.

5 o'clock, when their niece, Miss Mary Lucile Smith, became the bride of Robert Reeves Woods of Arlington. Pink and white was the chosen color scheme carried out in the beautiful decorations. Bouquets of carnations and chrysanthemums of these colors adorned the spacious rooms which, too, contained a number of lovely palms and ferns.

A bank of palms and ferns was arranged in the living room in front of the mantle. On each side stood a tall candle casting a soft light. Peeping up in the bank of greenery, were bouquets of the predominating flowers of pink and white, and in front of this bank of beauty the ceremony was performed.

Immediately preceding the wedding, Mrs. Helm Woodward of Cincinnati, daughter of Mr. and Mrs. Frazee, sang in her usual sweet manner "It is Not Because Your Heart is Mine" and "Because." During the ceremony, Miss Norma Smith played softly "To a Wild Rose" and "To a Water Lily."

The bride looked lovely in a traveling suit of blue velour, trimmed in gold. Her large hat in the same shade of blue was trimmed, too, in gold and her blouse of gold lace was beaded in blue. She wore a beautiful bouquet of Killarney roses. The ceremony was read by the Rev. C. M. Yocum, who used the Episcopal service.

During the informal reception following, the bridal couple received the congratulations of their fifty friends and relatives attending the

affair. Dainty refreshments, in which the ices, cakes and confections, carried further the pink and white suggestion, were served. Shortly after, the bridal couple left on the six o'clock train for Indianapolis where they will spend a short honeymoon. Their newly furnished bungalow in the country near Arlington awaits them. It is at Stop Beva Meadow.

The bride, because of her sweet personality, has a host of warm friends here. She is an active member of the Psi Iota Xi sorority and has been prominent in the social and religious circles of the city. She is a graduate of the local high school. Mr. Woods, too, is well known throughout the county and is a promising young farmer.

There were a number of out-of-town guests at the wedding, among them being Dr. I. F. Smith of Indianapolis, father of Miss Smith, Mr. and Mrs. J. E. Fish and Russell Fish, James L. Fish, and Mr. and Mrs. Ed Addison, all of Indianapolis, Mr. and Mrs. Woods and daughter, Mary, of Arlington, Chester Bearinger of Connersville, Mr. and Mrs. Frank Catt of Carthage, Mrs. James Havens of Arlington, Mr. and Mrs. Will H. McMillin, Mr. and Mrs. Frank Logan and Mr. and Mrs. Ross Logan of Gings, Mrs. Helm Woodward and son, Robert, of Cincinnati.

Mr. and Mrs. George Adams entertained a number of dinner guests yesterday at their home in North Sexton street. CROWN PRINCE IS PROCLAIMED

Engagement of Future Emperor of Japan to Asako Ichijo Soon to be Announced.

IS PECULIAR CIRCUMSTANCE

Marriage Will be Delayed Several Years—She is the Only Available Candidate.

(Written for United Press.)
BY RALPH TURNER.

Tokio, Japan, Oct. 30.—Crown Prince Hirohito, fifteen years old, was today, his father's birthday, officially proclaimed. His engagement to Miss Asako Ichijo is soon to be announced.

Tokio, Oct. 2.—(By Mail)—For the first time in the history of Japan there is but one available candidate for the hand of the Crown Prince. She is Miss Asako Ichijo, fourteen. Her betrothal to the Prince will be announced soon after he is proclaimed. The marriage will be delayed several years.

Miss Asako, or Miss Morning, as it would be in English, will become the bride of the Emperor-to-be by virtue of a peculiar set of circumstances. She is without opposition for the place despite the tradition that permits the selection of the Emperor-to-be from many of 5 historical families, descendants of the ancient house of Fujiwara.

In former decades the members of the five families acted as courtiers or regents to the Emperor. They are still known as the "go sekks" (five regents.) The "go sekks" are the families of Konoye, Takatsukasa, Kujo, Nijo and Ichijo.

The circumstances which give Miss Asako the clear path for the Imperial palace are:

The present head of the Konoye family, Prince Fuminari has no daughter; in the Takatsukasa family there is no daughter of age to make her available; from the Kujo family came the present Empress Sadako, blood relationship eliminates her family and the Nijo family is on the financial rocks, the present head, Prince Hirohito having exhausted the treasury trying to attain political power.

SACRIFICE LOCKS TO AID WOUNDED

Twenty-Five Sets of Female Tresses Laid on Altar of War Hygiene and Efficiency.

ENTER HOSPITAL SERVICE

(By United Press.)
London, Oct. 30.—Twenty-five sets of female tresses were laid on the altar of war hygiene and efficiency here today.

The locks, in various stages of luxuriousness, were owned by members of the Scottish Women's hospitals who are going to Russia for ambulance and hospital work. The women will aid the Serbians fighting in the Rumanian Dobrudja.

The Honorable Evelina Haverfield one of the party, suggested that long hair would not make for efficiency in the work to come. Consequently and without a murmur, the 25 recruits paid a visit to the barber and emerged tressless.

Two field hospitals and a transport motor service, equipped and established by the Scottish Women's organizations, completely staffed by women, are now with the Serbians. There are seventy-five women in all. None has long hair. They are absolutely independent of male aid. They even dig the graves.

TO START WORK COUNTING VOTE

Referendum Ballot Cast by Jews to Decide About Convention is Ready For Count.

GOING ON SINCE OCTOBER 15

The Congress if Called Will Co-Operate With Jews of Other Lands in Program.

(By United Press.)

New York, Oct. 30.—The work of counting ballots on the referendum asked to affirm or negative a call in which the Jews of America were for an American Jewish Congress for the purpose of obtaining complete rights for the Jews, worldwide is to start here tomorrow.

The call for the Congress was agreed between the Executive Organization Committee of the American Jewish Congress and the Executive Committee of the Conference of National Jewish Organizations and in turn referred to American Jews for mail balloting beginning Oct. 15 and ending today.

If the call is affirmed the Congress will be held at a time fixed by the executive committee and prior to the close of the European war. The specific rights the Congress will seek are:

1. Civil, religious and political rights and in addition thereto.
2. Whatever the various peoples of any land are, or may be recognized, as having rights as such, the conferring of the Jewish people of the land affected, of like rights if desired by them, as determined and ascertained by the Congress.
3. The securing and protection of Jewish rights in Palestine.

The Congress, if called, is to select an executive committee which in co-operation with the Jews of other lands shall strive for the realization of the program.

LITTLE GINGER NEEDED IN WEST

Baseball Magnates May Strengthen Some of Teams For the Good of the Game.

SEVERAL DEALS PENDING

Attitude of Fans Towards Recent Games Caused No Surprise to Owners.

BY HAMILTON.

(By United Press.)

New York, Oct. 30.—All over the east baseball fans are howling and tearing their hair over the prices charged this year for admission to world's series games. Also, they have admitted they were surprised by the absolute calm which laid hold of Boston and Brooklyn during the series and before it.

There isn't anything wonderful about that calm, nor anything high handed in regard to the prices. The first was an unavoidable fact, the latter something that was bound to come sooner or later since luxury has come to be one of the requisites of such contests.

The east has been world's "series" to death. Teams on the Atlantic seaboard have hogged the affair ever since Detroit and Chicago quit winning American and National league pennants. Even the Pirates were too far east for the good of the game. They take world's series games in the east now as a matter of course. The fans like them and they want to see one team or the other win, and they spend money to see the game, but the spirit isn't there and it never will be until the west has had some baseball prosperity.

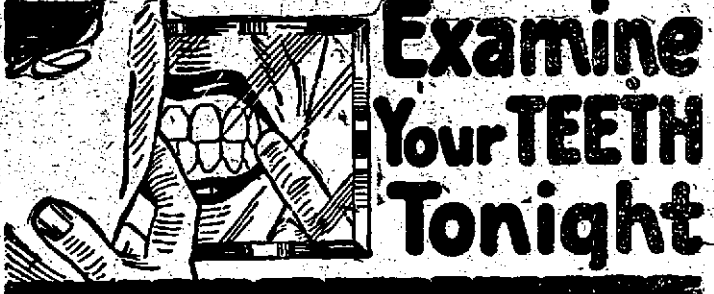

Magnates in the two big leagues realize this fact and it will be surprising if some deals are not put through this winter which will strengthen the western clubs to a point where they will be real pennant contenders. The White Sox are contenders now and so are the Tigers, but there are spots in each club which badly need strengthening and these will be given attention. In the National league the same conditions prevail and it probably will come to pass during the winter that St. Louis, Pittsburgh and Chicago will be bolstered.

Before leaving for his home in Baltimore a few days ago Manager Wilbert Robinson of the Brooklyn National league champions, declared he was beaten by the better team in the recent world's series. The Dodgers' infield weakness, he said, had a powerful effect on his pitching. He promised to put through some deals during the winter which will plug up many holes in his team. He also expects several of his young players to deliver.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Woman Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

ASK RESPECT FOR HOSTILE DEAD

Hungarians in Their Retreat Post Notice to Italian Troops Which is Obeyed.

HINT AT FUTURE FRIENDSHIP

(U. P. Staff Correspondent.)
Rome, Oct. 15.—(By Mail)—Saddened by their losses, retreating Hungarians placed on a cross in one of their abandoned graveyards a message which after the war may grow into a legend which will help bind Austro-Hungary to Italy in peace.

The improvised cemetery is on the Lower Corso. Each of its 2,000 graves is marked with a small wooden cross and buckler. On the cross nearest the gate under the caption "K. K. R. I. 46 'Friendship'" is the plea. It reads:

"Italians!—If in your heroic advance, you come on these parts, show not profanity, but respect to this little city of the dead. Keep it safe, we pray you. For after this calamity, when we will again be friends, we shall still have tears in our eyes to water the soil, which covers the bones of our brothers."

STOMACH URSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Private Robert E. Sullivan Dies From Effects of Bullet Wound Accidentally Made

GUN THOUGHT TO BE EMPTY

Llano Grande, Tex., Oct. 30.—An accidental shot from the revolver of Private Burl Nicholson, Company D, First Indiana Regiment, Indianapolis, killed Private Robert E. Sullivan, 24 years old, company E, First Regiment, of Fort Wayne Sunday.

Nicholson was in an E company tent showing the revolver, which he had just received from Indianapolis, to friends. Sullivan was sitting on a cot in his own tent. Nicholson thought the revolver was unloaded, snapped the trigger, and a bullet went through two tent walls and struck the victim in the right breast. He died in three hours. Nicholson is under arrest.

Sullivan's mother is Mrs. Anna Sullivan, 817 Cottage avenue, Fort Wayne. Nicholson lived at 751 West Michigan street. His mother is said to be critically ill. The lad is overcome with grief. Col. Naftzger named Capt. W. P. Carpenter, Indianapolis, machine gun company, First Indiana Regiment; Capt. F. E. Livengood, Indianapolis, Company A, First Regiment, and Capt. L. A. Harriman, Martinsville, Company K, First Regiment, as a board of inquiry.

RAILROAD MEN OBJECT TO ADAMSON WAGE LAW

Switches from Wilson to Hughes

James D. Ryan, secretary of the Princeton, Ind., local Order of Railway Conductors, and one of the oldest organizers in the country in point of service, says:

"Why was I for Wilson immediately after the 'eight-hour settlement,' and against him now? Well, I'm ashamed to tell it, but I'm going to. I knew if the strike was called promptly following the 'poll' and before August 1 we would win it. But first one delay and then another came. And then President Wilson 'asked' the brotherhood representatives to call on him. The President's requests are to be regarded as commands. They went. The delays grew. The 400,000 men were on tenterhooks of anxiety over the outcome, which meant so much to them. The soldier at the front or in the trenches is brave as he prepares to leap to the attack. But restrain him—hold him back a day, two days, and the strain gets on his nerves; his ginger begins to evaporate. That's just what happened to me, and to others in this strike matter—the delays caused a whole lot of ginger to evaporate; the strike that might have been won before August 1 was doubtful when it had been delayed to September 4, and I confess when the President finally put that measure through I felt a great big relief from the strain, and my heart beat with gratitude toward Woodrow Wilson.

"But gradually I began to wake up and to feel ashamed of my weakness, when after some hard thinking I came to the full realization of all that had been taken from us by Wilson; that we had been robbed of the powerful leverage of our 'collective bargaining' and had been forced into the necessity of becoming a political machine to take our demands each time before Congress. If the law shall stand. Thereupon I decided that I would vote for Charles Evans Hughes, and that it is my duty to try to urge his support by brotherhood men who value all they have labored for so many years, and for a protective tariff that will insure good business conditions for the country and for them."

Does Not Protect Hours of Labor

M. M. Garland, of Pittsburgh, former vice-president of the American Federation of Labor, in discussing Adamson law says:

"The Adamson law, whatever else it may be, is not in any sense an act to restrict labor to eight hours. No railroad man at the hearings in Congress ever intimated that he wanted an eight-hour day. They all said that what they wanted was an increase in wages so as to get a fairer share of the railroads' increased earnings, due to the fact that trains manned by the same number of men were earning many times as much for the railroads by reason of the longer trains and the stronger engines. The bill as first presented contained a provision for time and a half for overtime, but when it came from the committee there was no provision for time and a half for overtime, but merely for prorata day for time over eight hours.

"This means that so far as this act is concerned it might as well mention four hours as a basis of pay or one hour. If the longer hours of a full day for which the railroad men wanted pay was only to be pro rata for the hour mentioned, the men would earn no more under a law that read four hours or one hour as a basis. As the law is worded it contains no benefit to the railroad men."

Extracts from Legal Opinion on Adamson Wage Law by M. L. Clawson, Foremost Attorney for Organized Labor in Indiana.

"The Adamson act does not state that his work shall cease with eight hours, but that it shall simply be a basis for reckoning compensation, and that it shall be considered a standard day's labor. It further does not provide a penalty for any one who requires or permits service beyond the 16-hour period.

"Under the Adamson act a man may work 24 hours, and for a period of 11 months as a maximum beyond the time of the commission's appointment, it simply prescribes the rate of wage that he shall receive, and for all periods of time beyond the 11 months hereinbefore referred to. There is no restriction as to hours of labor at all so far as a violation of the act is concerned, for Sec. 1 of the act simply says that eight hours shall be considered the standard work day. Therefore we have only one law which imposes a penalty for working more than 16 hours and that is the so-called hours of service act.

"Now, if a trainman shall run 100 miles in 5 hours, and 8 hours is the basis for reckoning his compensation, we are of the opinion that under the Adamson act after the maximum time of 11 months has expired, there is no rate of wage provided, and that it is wholly a matter of negotiation between the railways and their employees, and we are of the opinion that within the 11 months as a maximum period the trainman who travels 100 miles in 5 hours will receive his proportionate part of the eight-hour standard pay.

"We therefore conclude that if he works the standard eight-hour day he gets the present standard pay. If he works one-half the present standard eight-hour day he gets one-half the present standard wage scale."

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

HEARING IS HELD ON PARK QUESTION

Will Determine Advisability of Locating National Park in Northern Indiana.

HAS LITTLE OPPOSITION

(By United Press.)

Chicago, Ill., Oct. 30.—A hearing regarding the advisability of locating a national park in the Northern Indiana sand dunes, east of Gary, was held today in Judge Kohlsaat's court here.

The hearing is held under the provision of a resolution introduced in congress by United States Senator Taggart.

A committee of Chicago and Indiana members of the National Sand Dunes Park association has prepared data on the location of the park and submitted it at the hearing.

Little opposition to the park has been made.

A GOOD FRIEND

A good friend stands by you when in need. Rushville people tell how Doan's Kidney Pills have stood the test. Mr. Priest endorsed Doan's over six years ago and again confirms the story. Could you ask for more convincing testimony?

Geo. Priest, 223 W. Third St., Rushville, says: "I have been afflicted more or less with kidney trouble for several years. It came on me gradually and each day, I could notice that it was becoming worse. It started with a dull pain directly over my kidneys, dizzy spells followed and there seemed to be specks before my eyes. Doan's Kidney Pills procured from Johnson's Drug-store freed me from that distressing pain in my back and restored my kidneys to a normal condition."

The above statement was given on March 9, 1910 and on Aug. 26, 1916, Mr. Priest said: "Whenever my kidneys bother me I use Doan's Kidney Pills and they always give me good results."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Priest has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

TO GIVE PEOPLE A HALF HOLIDAY

Administration "Warms Up" to District of Columbia Employees on Eve of Election

EFFORTS TO WIN GOOD WILL

Government Employees at Washington Already Have 7 Hour Day and Half Holiday in Summer

Washington, October 30.—Public men in the city of Washington are much amused over the efforts now being made by the Wilson Administration to get into the good graces of government employees in the District of Columbia. It is a notorious fact that because of its inefficiency in supervision due to the appointment of inexperienced supervisory officials, the Administration has forfeited the respect and the good will of the vast number of persons employed in the public service at the National Capital. These people have been writing to their friends and relatives all over the country telling of the incompetent and wasteful management of the national business. Communications of this kind have naturally been hurting the Administration very materially.

On the eve of election, therefore, an effort is being made to win the good will of these employees. As a means to this end, the Administration is proposing to give all employees in the District of Columbia a half holiday every Saturday afternoon throughout the year. At present this half holiday is granted only during the summer months.

Government employees here go to work at nine o'clock in the morning, take a half hour off for luncheon at noon, and quit at 4:30 in the afternoon, making seven hours of work. In order to justify in the public mind the granting of a half holiday throughout the year, the heads of various bureaus have been writing letters to the heads of Departments and the heads of Departments have been writing letters to the President favoring the Saturday half holiday, and asserting that the employees will do just as much work if the half holiday is granted.

The amusing feature arises from the inconsistency readily apparent when one turns to government reports and finds that in various bureaus it is claimed that because of an insufficient number of employees, it is necessary for many of them to work longer than the seven hours now prescribed. If it is true, as now stated by the officials, that the employees will do as much work in a shorter number of hours per week, then it follows that the government is not getting any more out of its employees by working them overtime.

In the effort to justify the half holiday for the purpose of winning the favor of public employees the Administration is giving the lie to its former representations that there were an insufficient number of employees to do the work and that they kept the work up by working over time.

In the government service outside of Washington a Saturday half holiday is not granted and even in Washington the half holiday does not apply to postal employees. The seven-hour day is the universal rule in the government service here, except that in summer three hours are deducted on Saturday, making in fact an average day of 6½ hours.

YET SCHOLARS AND DOCTORS DIE.

(By United Press.)

London, Oct. 30.—A London paper announces that there is one private soldier at the front whose life is safeguarded by every officer in his regiment.

"This soldier is a genius," the paper adds. "Before he was called up he used to mix cocktails at one of the best known cafes in Piccadilly."

Our Boys' Clothes!

Boys' Clothing Specialists!

It's a pleasure to select Boys' Clothes from our line of choice Fall styles.

Every garment is skillfully made from good wearing hand-some woollens; they are the delight of every Mother that comes to see.

Our Boys' Clothing is unlike the commonplace sort shown by almost every Clothing House.

You'll fully appreciate this fact when you see your Boy in one of our handsome Fall Suits.

PRICES MODERATE ALWAYS!

Norfolk Suits, Etc., Etc.

All sizes from 5 to 18 years

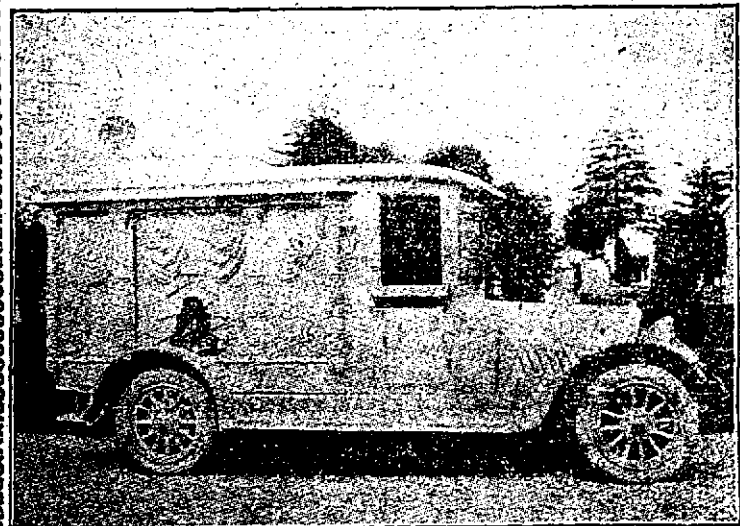

\$3.00, \$5.00, \$6.00, \$7.50 to \$10.00

You can't insure a Boy's clothes against wear and tear, but you can put off the day when you will have to buy a new Suit, by getting the best Boys' Clothes made, in the first place.

You'll find them here—the best that can be found anywhere—the best that's made. Clothes we guarantee.
